

CREATIVE DESIGNER – STORE FIXTURES

RETAIL ENVIRONMENTS & STORE FIXTURES

TORONTO/GTA | FULL TIME

Create. Explore. Influence. Shape. Drive limitless concepts and solutions for brands that embrace artistic freedom across the retail world.

It is rare to find a role that will create the DNA of a retail environments team that captures the essence of innovation, design and evolution.

Our client is a leading Display & Store Fixture Manufacturer in the Vaughan/GTA area. This company leads the sector with cutting-edge technology, as well as their passion for innovation to create extraordinary retail environments.

Their work has received awards from designers across the globe, creating chaos in the sector as they force a sea of change with competitors, clients, and leading brands.

The organization is recognized as one of the fastest growing Retail Environments Company in North America, which is driving the inception of a new Creative Design Lead.

This is an amazing opportunity for a creative individual with a client-centric focus on creative solutions.

The Creative Overview:

The Creative Designer role consists of a unique balance between innovation, business acumen and a technical ability that embraces the use of leading edge software, in providing 3D concepts for retail, display and POP design solutions.

The Creative Focus:

- Manage the design process from inspiration, conception through delivery to our clients.
- Be the creative extension for our client, embracing all aspects of inception to the presentation of alternatives demonstrating innovative solutions that reach far beyond their expectations.
- Partner with stakeholders to translate design that builds success with Project Management, Engineering & Manufacturing.
- Promote communication and translation as a fundamental core competency developing bridges across all project phases from sales through delivery.
- Lead and promote design at a true part of culture.

The Creative Skillset:

- A University degree/diploma in Design, Interior Design or Architectural Design.
- Expert utilizing design software programs that leverage design from concept to client presentation.
- Ability to translate ideas into visual concepts, refinement of design through the development process, and ability to bring the physical realization of the concept to fruition.

- Experience or exposure to custom furniture design, displays, store fixture, retail environments or related industries would be a tremendous asset.
- A full portfolio demonstrating a unique design perspective that translates into innovative solutions.
- Highly effective communication and presentation skills with the ability to build rapport and partnerships with clients and team members at all levels.

Please contact Krista at krista@podgroup.ca for further information - we welcome an exploratory discussion with all those that have an interest and present their resume. For additional information, please visit www.podgroup.ca.
